BRIEF INTRODUCTION OF CASH FOR WORK PROJECT.

CASH FOR WORK PROJECT ACTIVITIES AND EVENTS IN PICTORIAL.

LIVELIHOODS
Emergency Employment through Cash for Work. UNDP approaches cash for work as an opportunity to engage with refugees and communities to improve social cohesion, find more sustainable livelihoods, strengthen capacities and raise awareness around issues that may cause tension and increase risk.

UNDP provides Cash for Work projects specifically focused on women and youth, targeting 70% refugees and 30% host communities.

EDITORIAL
Living Earth Uganda in partnership with United Nations Development Program (UNDP) and UNCERF (Central Emergency Response Fund) are implementing a project titled “Emergency livelihood support through Cash for Work to 2250 vulnerable households in Arua and Moyo Districts, West Nile sub-region.” This includes 2,250 refugees and hosting community members in Palorinya refugee settlement, Moyo district, and Imvepi refugee settlement, Arua district through cash for work activities.

The objective of this project is to strengthen the resilience of refugees, host communities, district local governments and relevant national institutions to cope with and recover from the impact of large influxes of refugees.

The aim of this project is to provide emergency livelihood support while investing in existing national and local capacity to ensure they can adequately serve both refugee and host communities.
